

## Installment #2 *of Healing While Black: An Exploration of Wellness for the Black Man in America*

The **WIN LA** Community Impact Council invites you to a **FREE Luncheon and Discussion of the documentary 13th**

**13th** explores the prison-industrial complex, and the intersection of systemic racism, justice, and mass incarceration of Black Men in the United States. The title refers to the Thirteenth Amendment to the Constitution, which abolished slavery in 1865. The film argues that the practice of involuntary servitude continues to this day in the form of penal labor.
