Thanks to a generous award from the **Behavioral Health Continuum Infrastructure Program (BHCIP)**, L.A. CADA is proud to announce the upcoming launch of a state-licensed, 100-bed, medically monitored inpatient program in the City of Lynwood. This new facility will provide life-changing care for Adults and Transitional Age Youth (ages 18-25) facing homelessness, substance use disorders, and co-occurring mental health challenges.

We invite you to join us in celebrating the opening of our state-of-the-art facility, a significant milestone in our mission to expand access to compassionate and comprehensive behavioral health care.

More details will be coming soon, so mark your calendars and get ready to celebrate with us!
